Report of Principal and School Improvement Council

DuBose Middle School is located in the northern most part of the district in the Knightsville area. The mission of DuBose Middle School is to provide a safe environment where all students can learn at their highest level. Our vision is to provide each of our students with the skills necessary to become productive citizens through providing a nurturing environment with rigorous and relevant learning; and to provide an environment where staff, parents, and community work together to provide challenges and opportunities for each student to reach their full potential.

DuBose received an absolute rating of Average on the 2009 school report card. The student body demonstrated their academic success during the Lowcountry Quest Competitions and Quiz Bowl, spelling bee, and other academic competitions. Our 6th grade Quiz Bowl team placed 1st overall. We have 4 Duke University TIP scholars and 14 Junior Scholar participants. Of those students, 4 have earned State Level Honors and 1 earned Grand Recognition. Our chorus and band students received Superior ratings in statewide competitions. Our steel-drum band is the only one of its kind in the district and was in heavy demand to perform at local events.

DMS continues to try to close the achievement gaps in all academic areas. An analysis of our 2009 PASS, Benchmark, and MAP (Measures of Academic Progress) data shows that our students progressed in all areas. We use the Scholastic Read 180 program in all grades to address the needs of struggling readers. We provide computer-assisted instruction with the use of SMARTboards, wireless laptops, and computer labs. At DMS, we use the Compass Learning Program to assist students in their ability to achieve and accelerate at their own pace. PASS, MAP, and Benchmark data is used to specifically identify areas of students' strengths and deficiencies. Thus, we saw a need to implement Math Lab and Insiders Courtyard tutoring classes to assist our students in strengthening their academic skill levels. We have continued to provide additional after-school academic support in our ACES tutoring program. We also implemented a new Connected Math Curriculum in all grade levels. The Connected Math Program provides students with an investigative approach to learning mathematics, which helps students utilize engaging interactive problems and motivating everyday situations to learn math concepts.

We continued to use the InTouch software, ParentLink Telephone Communication Message System, and the weekly Homework Journal to keep parents informed and involved in their students learning. The school website and parent focus meetings are used to address the challenges of home-school relations. Teacher professional development continues to focus on best instructional practices, such as differentiated instruction, explicit direct instruction, Target Teach, and the development of ENI formatted lesson plans to help address the varied needs of our students. The implementation of technology initiatives, such as use of Senteo clickers and SMARTboards as instructional tools, was also a focus of our staff development this year.

The DMS faculty, staff, and students continue to show their P.R.I.D.E. every day.
